

## PROMINENT BAND TO PROVIDE MUSIC FOR SPARDI GRAS

Plans for Spardi Gras of 1947 began to take shape yesterday when Willard "Unc" Hillyer, chairman of the entertainment committee, announced that a prominent dance band has been procured to provide music for the all-college festival.

Hillyer also stated that the entertainment committee is making an attempt to obtain student entertainers and asked that anyone who can sing, dance, or do a specialty act, please contact him by placing a note in coop box "H". Auditions for all potential performers will be scheduled and the time announced early next week. All candidates will be given fullest consideration, he said.

All male students who wish to enter the Spardi Gras Whiskerino contest and are members of the student body, ATTENTION.

You must be clean shaven. You must sign-up at the booth in the Library arch today, or some time before April 27.

Today's sign-up is for those who grow short beards in order that they may stand a chance in the contest.

A special meeting of the Spardi Gras committee has been called by Doug Morrison, general chairman, this afternoon at 4 in the Student Union for those students who wish to volunteer to work on Spardi Gras committees.

Joan Buechner and Yvonne Azevedo, co-chairmen of the costume committee, announced that elaborate costumes have been ordered for this year's king and queen of Spardi Gras. No expense is being spared to make that one of the most colorful coronations in the history of the campus carnival, they said.

An additional comment on costumes by Miss Buechner stressed the need for the cooperation of all students in the wearing of costumes.

## Library Display Announces Pan American Day

The Pan American League has planned an all-day program for all students on April 14, Pan American day.

At 11:20 in the Morris Dailey auditorium, Col. H. W. Peterson of Pan American World Airways will speak on "One America." Col. Peterson is an authority on air transport in Latin America, and is now Western Regional Sales Manager of Pan American World Airways at Los Angeles.

At 12:30 in the inner quad the Pan American League will present a program of folk dancing. "Wings Over Pan America," a colored motion picture, will be presented in the library at 3:20.

An exhibit is now on display in the library showing articles from members of the League who are from Pan America.

A Mexican dinner will be held at the First Methodist church, Fifth and Santa Clara streets, at 8 o'clock for members of the League and their guests. A program in keeping with Pan American day will follow the dinner.

## Mourn Ford's Death

DETROIT, April 9 (UP).—Humble thousands paid silent tribute today to Henry Ford.

Old and young, sorrowful and curious, well-dressed and in coveralls, they filed slowly past the plain, bronze casket in which lay in state the body of the automotive genius.

## Muriel Lester To Tell of Trip To Orient

Muriel Lester, well known English social worker and traveler, will make four local appearances today, according to Muriel Waltz, who is secretary of the Student Christian Association, which is sponsoring the talks. She will describe her experiences during a recent trip to the Orient.

Miss Lester will be on the campus for the Vesper services, which will be held today in room 210 in the Library. Her main talk will be given in the First Methodist church at 5th and Santa Clara streets at 8 o'clock this evening.

She will make two other appearances. Miss Lester will attend a dinner, which will be held at 5:45 o'clock this evening, at the Christian church, which is located at 80 S. 5th street. She will discuss democracy and US power at this meeting.

The social worker is returning to England from her Far Eastern cruise where she spoke with Mahatma Gandhi, Madame Chiang Kai-Shek, and other prominent leaders of China and India.

Miss Lester founded Kingsley hall in England, which is similar to America's Hull house, which was established by Jane Adams.

Her first appearance of the day will be at the Abraham Lincoln high school assembly in the morning.

Tickets are on sale for 50 cents for students with ASB cards, and \$1.00 for those without. They may be bought in the SCA office.

## Coal Production On Upward Swing

WASHINGTON, April 9 (UP).—The coal mines administration announced tonight that soft coal production crossed the 1,000,000-ton mark today, about 45 per cent of normal, on the third day of John L. Lewis' "safety strike."

The agency said that 1,476 mines were in operation today and that 127,636 miners showed up for work—20,000 more than were in the pits yesterday.

From all indications, Lewis' "safety" strike was slowly petering out. The bureau of mines was completing re-inspection of hazardous pits at a much faster rate than expected but many of his men were ignoring his instructions and going back to work at other mines which merely had been certified as safe by federal managers and local union safety committees.

## San Jose Phone Service Operating Efficiently

San Jose phone service is almost back to pre-strike efficiency with little difficulty in evidence for placing local calls. Telephone officials have attributed this to the cooperation of the public. Since the strike has been in effect, the number of calls placed through the San Jose switchboards have been cut so low that available operators are able to handle those that do come through.

WASHINGTON, April 9 (UP).—Settlement of the long lines

## TWO WEEK TIME LIMIT SET BY STUDENT COURT

A time limit of two weeks between the date an infraction of the Student Body constitution and the filing of charges with the Student Court was set at a meeting held yesterday afternoon.

The amendment to the Student Court rules received the necessary fourth-fifths vote when the four attending justices voted unanimously in its favor. Other business discussed pertained to proposed constitutional amendments.

The Student Court amendment adopted yesterday:

"There will be a time limit of two weeks between the date an infraction of the ASB Constitution occurs and the time when charges received after the time limit (two weeks) will not be accepted for hearing by the Court."

## Lost and Found Sale

Spartan Spears will hold their quarterly sale of articles left unclaimed in the Lost and Found beginning Monday morning at 8:30.

A wide selection of items ranging from scarves and fountain pens to raincoats and other clothing will be found on the tables outside the Morris Dailey auditorium, and all prices will be below \$3. Proceeds will go into the Spear treasury for charitable and service activities.

## Security Council Asks for Ruling

LAKE SUCCESS, N. Y., April 9 (UP).—The United Nations Security Council tonight asked the International Court of Justice to rule on British charges that Albania secretly laid mines in the Corfu Channel.

It was the first case to go to the 15-member court set up by UN. The decision came by a vote of 8 to 0 with Russia and Poland declining to vote.

## Bang-Up Performance

HOLLYWOOD, April 9 (UP).—Frank Sinatra, with a bruised pride, and New York columnist Lee Mortimer, with a bruised head, squared off a possible second round in court today following their one-punch nightclub brawl last night.

Mortimer showed up at the west Hollywood Sheriff's office to sign a battery complaint against the singer. If found guilty, Sinatra faces a \$1,000 fine or six months behind bars.

## Lycurgus Editor Appoints Staff For Spring Issue

Additional posts have been added to the editorial staff of Lycurgus, State college feature magazine, by Editor Glenna McQuiston, who announced her staff for this quarter's issue late yesterday afternoon.

The position of Associate Photography Editor working with Photography Editor Dean Spuler will be taken by Phil Ginn, who is also acting as Associate Editor of the Spartan Daily. Nick Roukes, Art major, will fill the newly created office of Humor Editor, and Al Campbell, Advertising major, will act as assistant to Business Manager Sal Millan. Another new post, that of Sports Editor, has not yet been filled and will be announced later.

Replacements on the staff place Bill Wagner, Commercial Art major, as Art Editor, succeeding Jessie Steinnagel, who is student teaching this quarter and Margaret Moore as Publicity Director. Florence Malerbi will act as Staff secretary and Mary Price will continue as Fashion Editor.

Sub-staffs have not as yet been chosen and will also be announced in the future.

The entire staff of Lycurgus will meet tonight at 7 p.m. in the Publications office and Editor McQuiston requests that all students who are interested in writing feature articles, especially on sports subjects, attend the meeting.

"We are especially interested in suggestions at this meeting," Miss McQuiston stated. "We will also have a box on the Lycurgus desk in the Publications office for anyone who wishes to submit ideas and who cannot attend the meeting."

## Durocher Still Allowed in Parks

CINCINNATI, O., April 9 (UP).—Leo Durocher's one-year suspension as Brooklyn Dodger Manager will not affect his right to sit in the stands or be friendly with the players off the field, Walter Mulbry of the Baseball Commissioner's office said tonight.

Asked about the possibility of Durocher running the team by remote control from a box seat, Mulbry replied that he didn't expect that situation to arise.

Film actress Laraine Day, recent bride of Durocher, today postponed her departure for Hollywood 24 hours upon learning that her husband had been suspended.

Durocher, she said, would not go with her, but would remain in New York to complete some unfinished business.

## SPARTANS SPLIT TWIN BILL WITH FRESNO STATE

By TOM ROWEN

San Jose State's baseball team split a double-header with Fresno State yesterday in Fresno. The Bulldogs won the first game 9-8, and the Spartans came through to win the second game by 9-7. The evening game which was scheduled for seven innings went into extra innings and the Spartans were able to win out in the ninth.

Saturday, Santa Barbara State will be at Washington Park in Santa Clara to battle the Spartans in a double-header. The Gauchos are currently tied with San Diego State for first place in the OCAA and San Jose State will be battling for a chance to get back in the race for the championship.

The Spartans tied up the first game in the eight when they scored two in their half of the eighth to put the game on ice. San Jose State pushed across a run in the top of the ninth and had the tying run on third but they couldn't find the power to get him home.

Earl Smith allowed the Spartans 10 hits while the Bulldogs collected 14 bingles off Ralph Romero. Romero had too be relieved in the seventh by Burtner who was charged with the defeat. Frank Vizza hit a home run with Wayne Krouskup getting a triple off Smith in the opener. Bob Piferini came through with a double for the other Spartan extra base blow.

By dividing with Fresno yesterday, the Spartans now have a record of four wins and two losses in the conference.

## San Jose Women Attend Parley

In the interest of reorganizing the Women's Athletic Association at San Jose State college, Rhoda Andersen and Orva True attended the California State Conference of Athletic Federation of Women which was held at Stanford university March 28 and 29. Unofficial delegates from State who also attended the meeting were Allene Watt and Maryana Gilroy.

The purpose of the meeting was to consolidate ideas on WAA activities. Twenty-two colleges were present at the conference which made definite plans for a committee to set up policies for the San Francisco area Play days in which San Jose State takes part.

A report on the conference was made to the AWA yesterday by the delegates, with a more complete report planned for the reorganization meeting which will be held Tuesday, April 15, at 4:30 in the Women's gym.

At this meeting, plans will be made for women students to attend two play days scheduled for this quarter. In order for it to be a success, according to Delegates Watt and Gilroy, as many women students as possible should attend.

## Senior Orientation

A final decision as to the senior gift will be made at senior orientation today in the Little Theater at 11:30, according to Class President George Millas.

Today's agenda will also include final appointments for the various Senior Ball committees. The Ball will be held June 14 at the Palace hotel in San Francisco followed by a breakfast at the Fairmount hotel.

Class council will meet this evening in room 20 at 7 o'clock, and Millas requests that all council members be present.

## BEST BY TEST

The American Youth for Democracy should have an opportunity to appeal the recent decision of the Student Court, which held the AYD guilty of "embarrassing San Jose State college" by off-campus activities.

There is some question as to the legitimacy of the charges brought against the AYD, according to the ASB constitution.

The justness of the verdict is also questionable, in the light of evidence presented by the prosecution.

However, the following considerations should be placed before the student body, in any event.

The AYD, which maintains approximately 60 chapters in California, exclusive of chapters in 14 other states and the District of Columbia, has been officially named by the Justice department as a front organization of the Communist party of the United States.

J. Edgar Hoover, director of the Federal Bureau of Investigation, has testified before a congressional committee on un-American activities that AYD is a Communist organization, and the successor to the Young Communist League.

Mr. Hoover's testimony is supported by the 1944 report of the same committee, which states that:

On October 17, 1943, the Young Communist League convened in national convention in New York city. The gathering formally dissolved the Young Communist League, and immediately reconvened as the American Youth for Democracy."

We ask that the students give their most just attention to any appeal presented by AYD.

Should this proven Communist front organization be granted a new we urge that both prosecution and defense present cases that will stand on their own merits.

We have great faith in the democratic principles embodied in our student government.

Let us see those principles, at their best, in action.

## ANNIE GET YOUR GUN— THE ASSASSIN'S ON HIS WAY

Got any guns lying around the house you're not using? That's right, guns. Big guns, little guns, fat guns, skinny guns. The only requirement is that they are of foreign make.

Director James Clancy of the Speech department is in need of foreign made pistols and rifles for The Assassin (this quarter's dramatic production). The setting of the play is in Algiers during the last war and the characters need

Lugers, German P-38's and Italian Birettas. Any French or Japanese guns can be used, too.

"Don't worry," says Director Clancy, "the guns do not have to be registered in San Jose to be used here. The only requirement is that they have been brought into the United States legally." Many of the veterans received special permission to bring guns home from overseas service. Approximately five or six will be needed for stage props, according to Mr. Clancy.

The guns will not be fired, but merely carried by the actors who portray underground agents. With the owner's permission the gun's pin will be removed as a safety measure.

Anyone who is willing to lend his rifle or pistol for the play should contact Mr. Clancy in the Speech office.

## SPARTAN STARS

Did you know that each star on the four service flags in the Morris Dailey auditorium is for a particular person and not merely placed on the flag en masse?

At present there are 4,213 blue and 182 gold stars. Each is numbered, and on file in the Registration office is a card with the name of the serviceman or woman it represents.

The United States is shipping poplar logs to Holland because there is a shortage of wood there to make shoes.

## Student Golfers Worry Local Pro

Phil Jefferson, professional at the La Rinconada country club, located slightly north of Los Gatos, is a sad man.

It appears, according to Mr. Jefferson, that the recent successes of the San Jose State golf team is causing a fad on this campus. "Now, every Tom, Dick, and Mary thinks he is a links ace in his own right," the Rinconada pro says. He suggests that students retire to the stacks and locate a good reference book on golf etiquette before picking up a mid-iron.

Moral: dig up your info, then work on the course.

## NEWMAN DANCE

"April Showers" is the theme of the annual Newman club semi-formal spring dance according to Lou Hoffman, club president.

The affair will be held Saturday evening beginning at 9 p.m. at Newman hall, and will feature Elwood Hart and his orchestra.

Bids will be place on sale in the Library arch sometime today. They will sell for \$2. The dance is open to the student body, Hoffman stated.

## PLACEMENT OFFICE

Men and women desiring appointments as foreign service officers should contact Miss Doris Robinson in the Placement office.

A bulletin from the Department of State announces that the foreign service career is being expanded at an unprecedented rate to bring it up to its authorized strength by 1948.

The required age for applicants is between 21 and 35 years.

## DERBY DAY IS ON THE WAY!

By DAN WECK

"Derby Day is on the Way" used to be the slogan which greeted Spartans on this campus every spring. The State College Times, at that time a weekly publication, would carry large front page notices to this effect every issue.

Posters would be placed up here and there on the not-solarge campus, and the college would stand by to celebrate the forerunner of our Spardi Gras. Originally, San Jose Normal school celebrated an annual harvest festival in the fall and a May festival in the spring. Then Dr. Elder changed all that.

### THE DERBY

The doctor had the habit of wearing a derby hat to and from all of his classes, and while lecturing, he would place the hat on his desk. One day, the wise wags got together, and around thirty of men, or a majority of the male population of the campus, showed

up with an sort of nondescript derby hats and a bunch of old horses.

They hitched their horses to the trees and swaggered around and started a tradition. The next year it was called "Spardi Gras Derby Day," and the year after that "Bums Day." The bum's day theme was continued for several years, but finally they decided to get away from that, and for the first time a regular unlimited theme costume carnival was born.

From that time on, there have been many types of costumes, and they have varied from the cave-men of Theta Mu Sigma's prize

winning entry of last year to the beau-brummel style of dress.

### RISQUE

Women continually have become more and more risque in their dress, with very few complaints resulting, although the pictures of the earlier types of costumes which they wore show that a great deal more originality was used in designing them.

One mixed organization of the mid-thirties came as the class of '05, with the men being dressed for a football game and the women as spectators. There have always been bums, pirates, greek warriors, animals, and bathing beauties. One of the most original of all was used in 1945 when a small group of victory gardeners came dressed as the various vegetables which were being raised in the Spartan victory garden, just in the rear of the volley ball courts.

### SOMETHING NEW?

Just what the costumes of this year will bring, whether they will be original or "old-stuff," is not certain. Certain, however, is the fact that there will be several more women's groups of leg-art, and a few variations of the pirates' theme.

This year's Spardi Gras committee is trying to get away completely from the tremendous amount of publication which the last few Spardi Gras have witnessed in regards to costumes. Whether Doug Morrison and his committee will be successful remains to be seen on May 23, Spardi Gras day.

## ORIGINAL SPARDI GRAS KING IGNORES OLIVIA FOR QUEEN

Way back in 1939 A. D. Miss Olivia DeHaviland, this year's Motion Picture Academy Award winner, leafed through pictures of ten of San Jose State college's handsomest male students and decided that one Donald P. Walker was to be king of Spardi Gras for that year.

In a letter to the students at San Jose State Miss DeHaviland deemed it an honor to have been allowed the privilege of choosing the Spardi Gras king and added that it had been a difficult job because she had never seen so many handsome men al in one group before.

Reviewing the list of candidates for the king contest the Spartan Daily announced that Dr. William "Wild Bill" Poytress, head of the Social Science department, Glenn Scoby "Pop" Warner, of football fame and Mr. Guy George, of the Commerce department, had rated high in the election of the candidates but were disqualified because they were members of the faculty.

So Donald P. Walker, one time holder of the Pacific Inter-Collegiate boxing title and senior Education major was named king of Spardi Gras in 1939. He chose Miss Mary Freas, popular coed, to rule with him as queen on the day of the celebration.

As usual, the editors of Life magazine graciously declined an invitation to attend Spardi Gras by saying that their photographers hadn't recuperated from the last party they had attended.

Despite this minor detail the festivities started off with a bang and wound up with an outdoor dance held on a local tennis court dressed up in soft lights and appropriate decorations.

All this happened in that happy year when John Steinbeck's "Grapes of Wrath," an earthy tale of the westward trek of the Joad family, was causing no end of comment as a best seller. Songs such as the "Three Little Fishes" were banging the ears off radio listeners throughout the land.

Today, eight years later, Lt. Donald P. Walker, once Miss Mary king of Spardi Gras, and Mrs. Donald P. Walker, once Miss Mary Freas, popular coed and queen of Spardi Gras, live in Providence, Rhode Island where they announced the birth of a daughter, Judith Margaret, on December 13, 1946.

## JUST AMONG OURSELVES

By DR. T. W. MacQUARRIE

You married men with families—it's getting along towards the end of the year, which has been pretty hard for many of you. Crowded quarters, prices high, money scarce—it reminds me of my own experience at Stanford after the last war.

I was a veteran, who hadn't finished his education, but older than most of you—I had a wife and three children. No. G. I. Bill then, so we had to scabble. I did everything I could think of to bring in a few dollars, and finally I got a job as janitor of a church in Palo Alto, where we all crowded into a shanty on the back of the lot.

It was an ancient affair, rickety, damp and musty. Mrs. Mac was a wonder, taking good care of us under conditions to which she had never been accustomed. (I married far above my economic level—the girls on my level know better.) But along towards spring it was too much. I didn't realize that the family needed some fun. I assumed, blandly, that if I came home now and then with a passing mark, that should be a sufficient inspiration. I was meeting all sorts of interesting people every day at the university, and I didn't realize how uninteresting the conditions were which surrounded my family—no outlook, no adventures, no fun, just mud and dripping leaves, days on end. I had a good lesson that spring—and it took us years to get over it.

Our Bill was a forthright little fellow—he just had to understand or be balked. It was his job to sweep one of the walks, and he didn't like it. His mother explained graciously that chores were good for little boys, and that anyway all of us had to help Daddy get through college. Bill was not impressed. "Ah, gee whiz!" he said, "I don't see why kids have to put their dads through college."

## ARNACOMA GIVES TO STUDENT UNION

ARNACOMA, women veterans' organization, recently contributed ten colorful waste baskets and ten ash trays to the Student Union.

The presentation was made in Mrs. Izetta Pritchard's office to a representative of the student body. Marilyn Zeller, AWA hostess, sent the organization a letter of thanks, and remarked that the contribution has played a big part in improving the appearance of the Union.

### Teacher Beats Weather Rap

SALEM, Neb. (UP).—Blizzards and bad roads/the dread of most rural school teachers, hold no terrors for Miss Leona Wickham, who teaches the Brooks School. Miss Wickham is never late, regardless of weather, because she lives in a trailer house with her mother on the school grounds.

## Vocal Concert Given Tuesday

Emily Baptista, Carl Dimeff, and Bruce Stewart, three of the seven advanced music students to appear in the vocal concert to be presented Tuesday, April 15, in the college Little Theater at 8:15 p.m., have already sung as soloists with the college symphony orchestra.

Others who will take part in this second spring vocal concert include: Ruth Cousins, Dolores Erwen, Andy Holme, and Derrell Bond. Accompanists for the evening will be Dottie Rae Fliflet and Rosalie Speciale. Miss Maurine Thompson of the music faculty will direct the concert.

The average Minnesota cow yields 100 pounds of butterfat in a year.

## S. J. COUNTRY CLUB CHOSEN AS ALPHA GAMMA ARTS BALL SETTING

San Jose Country club has been selected as the site for the Arts Ball to be held May 9. This all-costume ball is sponsored by the Alpha Gamma Art Guild, College Art club, and will follow the theme of surrealism.

Ed Kincaid, general chairman of the ball, has announced that bids will sell for \$3. They will go first to art club members, then to art majors, and finally to the public.

Extensive decorations are being planned to carry out the surrealism theme. Bids will be made in the Art department under the direction of Ellen McBride, and with the advice of Miss Marian Moreland. Nick Roukes is in charge of music, and is providing elaborate entertainment.

Final plans for the Junior Prom will be discussed tonight at 7 o'clock in room 39. All council members and other students who are interested in the dance are requested to attend, as several special announcements will be made by Sal Millan, chairman.

Merideth Hughes reports that Junior Prom bid sales are brisk, and a large crowd is expected at the Palomar Ballroom to dance to the music of Clyde Appleby and his orchestra. Bids are on sale for \$2 each.

Committee members and other officials will be appointed for the junior council party, which will be held at Adobe Creek Lodge May 8.

## Thirty Club Plans Field Trip to S.F.

A well-rounded program has been outlined this quarter by the "30" club's officers to acquaint students with other journalism majors and with their chosen occupational field. On Saturday, April 26, the group will journey to San Francisco to visit the offices of the United Press and the San Francisco Chronicle, with the possibility of dinner at the Press Club.

A Press dance will be given for members and their guests Tuesday evening, May 20, in the Student Union. Staff members of local newspapers will be present, and something unusual in the way of dances is promised.

"Membership to the '30' Club was closed Tuesday night at the club's first meeting of the quarter and membership from now on will be invitational," Virginia Mahon, president, announced yesterday.

Friday, April 18, is the last day for members to sign-up for the field trip to San Francisco. A sign-up sheet will be posted on the bulletin board outside of the Publications office.

Dried-up shoe polish in tins can be made serviceable again by melting.

## Russian Author Will Speak Here

Mrs. Alexandra Mazurova, Russian author and journalist, who has for the past 19 years been a resident of the Santa Clara Valley, is to speak Monday, April 14, at 2:30 o'clock on "The Alloy of the Manly and the Womanly in Art" in room 1 of the Art building.

Her ideas on this theme have recently been published in essay form, and include an original interpretation of the role of the feminine in art. Discussion will follow the address.

Mrs. Mazurova is an art critic and columnist for the Russian San Francisco Daily, and teaches Russian at the San Jose Adult Center.

## Engineering Prof Tours Centers

Professor S. B. Walton of the Engineering department left yesterday morning for a two-day tour of military installations and War Assets Administration sales centers in search of equipment suitable for use in the engineering laboratories.

He will visit depots at Riverbank, Stockton, Sacramento, Mare Island, and Richmond.

"Professor Walton's background of experience has been valuable in the ferreting out of engineering equipment, which has been made available to the college on a donation or discount basis," said Dr. R. J. Smith, department head.

## Classified Ads

**SALESMEN WANTED:** Wear-Ever aluminum waterless cooking utensils. Earnings more than pay for ordinary salaried work, commission basis. Only interested in men who really want to work and follow instructions. Car necessary. Edwin A. Robertson, 67 South 8th street, Jan Jose, Col. 9132-W.

# **VARSITY SWIMMERS SEEK THIRD STRAIGHT WIN**

MEREMEN MEET CAL POLY  
IN LOCAL POOL TODAY

Coach Charlie Walker's varsity swimmers will be seeking their third straight victory this afternoon in Spartan pool at 4 o'clock when they meet the Cal Poly mermen. The Spartans swamped the Mustangs in their previous meeting in San Luis Obispo by 61-13 score.

The only first place garnered by Cal Poly in the first meeting was Dick Thompson's win over Al Grass in the 150 yard backstroke. However, several of the invaders have improved over their showing in the opening meet and Coach Walker's team will have its hands full.

Ray Kemp, Poly diver, took second behind Leo Gaffney in the previous meet and with the latter not competing could pick up another first here. However, Pat McConnell will give Kemp a battle for top honors.

Tomorrow afternoon the Spartans will battle the strong College of Pacific swimmers in the opponents' pool at 4 o'clock. The Tigers are boasting a strong team this year and are expected to be a leading contender for top honors at the CCAA spring carnival meet in Fresno, May 10.

Ray Steele, Tiger sprinter, and Jack Toomay, of Tiger basketball fame and now breaststroker, lead the COP attack.

The Spartans now have a record three wins against four losses for the season. They hold victories over Cal Poly, Cal Aggies and St. Mary's.

## **State Hurdlers Post Good Times**

In preparation for their coming meet with Stanford this Saturday on the Indian cinderpaths, the Spartan track men went through time trials yesterday and Tuesday.

Good news to Coach Winter Tuesday afternoon was John Passey's performance in the 120 yard high hurdles. Passey sailed over the timbers in 15.1 seconds. Another good time recorded in the same event was Roger Smyth's 15.4. This earned him a chance in Saturday's meet along with Passey and Tom Birmingham.

Another highlight in Tuesday's trials was Junior Morgan's 6 ft. 1 1/2 in. leap in the high jump. If Morgan can repeat against Stanford, the Spartans may pick up a second in this event as well as a first.

To offset the loss of Bill Rhyne in the 220 yard low hurdles, Coach Winter will use Bill Passey, John Passey, and Bill Schemmel. Schemmel, Schemmel has the best time of the season to date.

Johnny Phillips and Elwood Clark are still on the sidelines with injuries, and probably will not be able to compete against the Indians. This leaves only Morgan to fill in, along with Bob Likens, who is a slight favorite to win Saturday on past marks, but may be pressed by Stanford's John Held.

Connie Varnick is still suffering from a pulled leg muscle suffered against the JC All-stars, and is a very doubtful starter Saturday. His loss will be felt but with Morgan on the improve, the weakness could be off-set.

# **TENNIS SQUAD RACKETS IT UP TODAY FOR WIN**

Coach Ted Mumby's Spartan varsity squad invades Palo Alto this afternoon where the netmen seek to crash back into the win column at the expense of the Menlo JC Acorns on the Rinconnada's tennis courts.

Little is known about the Menlo club, but they did whip the Napa JC squad by a six to one margin. The Spartans held an informal match with San Mateo Tuesday which was stopped on account of rain with the score 5-1 in favor of the Spartans.

The netment are working hard these days, as they are vying for the first four positions on the squad which will enable them to participate in the Ojai tourney which is scheduled to take place soon. Coach Mumby has only entered four men in the tourney, and they will not be named until a few days before the annual Ojai classic.

Among those who will participate in today's meet with Menlo are: Gene Franco, Don McKenzie, Bob Brokop, Bill Terry, Dave Parnay, and Greg Sargent.

# **Spartan Wrestlers To Enter AAU Matches in SF**

With the regular season now behind them, three Spartan varsity wrestlers are looking forward to the National Amateur Athletic Union (AAU) meet which takes place tomorrow and Saturday in San Francisco's Olympic Club, announces Coach Ted Mumby.

The three matmen are: Carl Holmburg, 128; Jim Shouse, 135; and Sammy Lawson, 165. Three other members have entered the meet on unattached basis. They include: Freddie Albright, 135; Stan Smith, 191; and Keith Wilson, heavyweight. Albright won the 135 pound Pacific Coast Inter-collegiate crown in 1942. He did not compete in the PCI tourney this year.

The boys will have a rugged week-end, as the directors plan to hold wrestling matches morning, noon, and night during the two-day tournament.

Defending champions are the New York Athletic Club; however, they will have plenty of stiff competition this year, especially from the Southwestern College of Technology and the Olympic Club. Both clubs have AAU champion grapplers on their squads. SW Tech has Charley Hatrick in the 128 pound division, and the Olympic Club has the famous "Doc" Northrup who tips the scales at 165 pounds.

Other schools and institutions which are entering strong squads this year include: Cornell of Iowa, which upset the strong Oklahoma A&M squad this year, Newton Athletic Club of Newton, N. J., San Diego State, and probably California.

## **CHALK TALKS BEGIN MONDAY FOR GRIDDEES**

Chalk talks will begin for new candidates to the spring practice football team Monday. These new candidates are made up of transfers and members of last year's JV team. Members of the varsity team may sit on the chalk talks for refresher material.

New members will begin practice April 21, and spring practice will officially begin for the whole squad April 28. With approximately 110 men out for football this quarter, the managerial staff has been enlarged to nine men.

Bill O'Bayley and Vernon Cruess are senior managers. Others helping with this work are: David Fralley, George Miskullin, Don Reed, Harold Marks, Leo Vannucci, Jim McCarty, and Marvin Hogan.

Head Football Coach Bill Hubbard emphasizes that anyone missing the chalk talks will be dropped from spring practice immediately.

## **HEADGEAR BY PORTAL OKAY**

The National Collegiate Boxing Coaches association at their recent meeting in Madison, Wisconsin, adopted the new lightweight boxing helmet introduced by Coach Dee Portal. The coaches recommended the adoption by a unanimous vote and without comment.

The helmet, designed by Coach Portal, will protect the eyebrows, ears and the top and back of the head. The reason for stopping the majority of college boxing matches is because of a cut eye or bad ear. The new helmet will give these places protection at the same time allowing the opponent to reach the chin, jaw and nose.

## **SIX TEAMS ENTER SOFTBALL TOURNNEY**

Team managers and representatives will set the rules and regulations for the Spartan Daily 1947 softball league Friday at 1:30 in the Publications office.

The following issues will be discussed at this meeting:

1. Number of varsity hardball players allowed on a softball team.
2. Whether windmill pitching will be legal.
3. Number of players allowed on each team.
4. Days that the games will be played.

These and other factors that have to be ironed out every year will be discussed and voted on.

Following teams have entered

## **NEW SOFT BALL A LA MUMBY**

A new innovation in intramural soft ball will be introduced to the campus this quarter and will be known as five-man soft ball, according to Coach Ted Mumby.

Time of the games can be either at the noon hour or late in the afternoons.

the league:

357 team, Manager—Bob Hagen.  
Police school, Manager—Greg Sargent.

Spartan Daily, Manager—Max Miller.

Murderous Modestians, Manager—Don Wolff.

Fighting Tigers, Manager—Don Titcomb.

Unnamed team, Manager—Lee Clark.

Music department.

Managers who want to enter a team in the league should do so by this afternoon. Name of the team and manager are to be left with Tom Rowen in the Publications office.
